PROJECT:  
JACKSON SQUARE SHOPPING CENTRE,  
BISHOP'S STORTFORD

Esplanade Plus Primary Barrier Matting - Aluminium base with Latte wipers

## Gradus primary barrier matting

**Product Specified:** Esplanade Plus Primary Barrier Matting  
**Wiper Colour:** Latte

Topguard Primary Barrier Matting  
**Wiper Colour:** Grey  
**Base:** Aluminium

### Application:

Gradus Esplanade Plus heavy duty barrier matting was installed at the main entrance of the shopping centre, which services the escalator up to Sainsburys and provides access to the other retail outlets.

Specified due to the high levels of pedestrian and trolley traffic that access the shopping centre each day, Esplanade Plus effectively removes and retains dirt and moisture to protect adjoining floorcoverings and reduce the risk of slip accidents.

In addition, as part of the development, Gradus Topguard matting was installed at the main entrance of the new residential apartments that are located at the rear of the shopping centre.
